ITALIANS ARE IN PRISON

Escorted to Baton Rouge by State Militia.

BAYONET CHARGE NEEDED

Between Five and Six Thousand Persons Gathered at Depot to Witness Their Arrival and a Passageway Had to Be Cleared.

Hahnville, La., July 23.—Guarded by 250 soldiers the four Italians convicted of Walter Lamana's murder and the two Gabbias' who are yet to be tried for it, were placed on a special train bound for the state penitentiary at Baton Rouge.

Extreme precautions were taken by the military owing to reports that a wholesale lynching might be attempted during the trip. None except police officers, soldiers and the train crew were allowed aboard with the prisoners. Even a newspaper man serving as a deputy sheriff was put off the train.

The Gabbias, brother and sister, were taken to the penitentiary for safe keeping after the court had decided that public sentiment at present makes a fair trial impossible.

Taking of testimony preparatory to charging two Italians with complicity in the murder was ordered by the court. These two are the father and the mother of the Gebbia family, two of those children are already awaiting trial.

BAYONET CHARGE.

Military Had to Resort to This to Clear a Passageway.

Baton Rouge, July 23.—The six Italians were placed safely in the state penitentiary, Monday night, but not until after their military escort had executed a bayonet charge to clear the way through an immense crowd. Between 5,000 and 6,000 persons, about one-third the population of Baton Rouge, were at the Mississippi river ferry to meet the prisoners. Many threats were made, but no violence was attempted. The change was made when the crowd massed too densely for safe conveyance of the Italians and no one was injured.

The prisoners were not guarded in the penitentiary, the troops having immediately left the city.

DEATH LIST SHRINKS.

More Persons Escaped Than at First Report of Disaster.

Eureka, Cal., July 23.—Hourly the death list of the marine horror of the Mendocina county coast shrinks. The best advices Monday night was that 177 of the 249 souls on board the steamer Columbia escaped when that vessel went to the bottom near Shelter Cove between midnight and 1 o'clock Sunday morning. One hundred and seven of the Columbia's passengers and thirty-seven of her crew have been brought to this port by the steamer George W. Elder, which towed the colliding schooner San Pedro from the scene of the disaster to Eureka. A late message from Shelter Cove says that three more lifeboats have been picked up, one of them containing eighteen persons, another fifteen and the third not reported.

The survivors who were brought to this port are being cared for at hotels and in private houses. The citizens of Eureka, moved to unanimous action by pity and the distress of the victims, have supplied sufficient quantities of clothing and all necessary medical attention without stint or price. A committee of citizens under the leadership of Mayor Ricks, has charged itself with the duties of the hour and is performing them with energy and all possible speed.

A segregation of the Columbia's passenger list shows that in her cabin she carried seventy-eight men and ninety women and girls; in her steerage twenty men and one woman, a total of 169. Discrepancies, however, between the full list furnished the purser on sailing and some of the names given by survivors who have reached here indicate that the total passengers may have been greater in number.

Officers Blamed.

San Francisco, July 23.—O. Swanson, a sailor of the San Pedro, was at the wheel Saturday night when the fatal collision occurred. In his report to Sailors' Agent John Ericson the blame is laid upon the shoulders of the Columbia's officers. Other members of the crew of the San Pedro substantiate the story of Swanson.

Arkansas Man on Columbia.

Fort Smith, Ark., July 23.—George T. Sparks, who is reported to be lost in the Columbia disaster, was one of the wealthiest men here. He was president of the First National bank.

Two From Oklahoma.

Enid, Okla., July 23.—Among the passengers on the steamer Columbia were C. L. Mehen, and Frederick Rogers of this city. Both are retired capitalists.

Elgin Butter Output.

Elgin, Ill., July 23.—Butter output past week at 1,004,200 pounds.

SHOT DOWN IN STORE.

Miss Esther Norling Loses Life by Bullet Wound.

EX-EMPLOYER IS ACCUSED

Charles Warner, Who Is Also Charged With Firing Several Times at the Manager of the Establishment, Eluded Twenty Policemen.

New York, July 23.—Miss Esther Norling, a young woman, was shot and almost instantly killed, it is alleged, by Charles Warner, her former employer, as she was entering an uptown haberdashery store on West Forty-second street, where she was employed as bookkeeper. Warner, it is charged by the police, fired several shots at A. R. Spicer, manager of the store, while attempting to escape. Warner fled to the sporting goods store of A. G. Spalding & Co., and, although twenty policemen surrounded the building and searched it thoroughly, no trace of Warner could be found. The police believe Warner unbalanced by business reverses and other troubles. Miss Norling, who was about twenty-three years old, lived at Ridgely Park, N. J.

WARNER CAPTURED.

Shoots Man Who Was About to Loan Him Ten Dollars.

New York, July 23.—After the shooting of Miss Norling, Charles Warner, appeared at the hat store of John C. Wilson, 2465 Broadway, and asked Mr. Wilson, whom he knew, for a loan of \$10.00. When Mr. Wilson turned to get the money Warner shot him in the back and right arm, inflicting serious wounds. Warner then fled from the store, brushing aside employees who attempted to block his way, but upon reaching the sidewalk he was interrupted by a truckman, who struck him over the head with a cotton hook. Warner fell insensible on the sidewalk and was turned over to the police.

BEARING FRUIT.

New Regulations Concerning Russian Military Courts.

St. Petersburg, July 23.—New regulations concerning mode of procedure for military district courts, introduced July 20, have now begun to bear fruit, and the results constitute a close approach to the notorious reign of the durnhead courtmartial, which were abolished by the late duma. Innovations have shortened the entire course of inquest and trial, allowing seventy-two hours between indictment and execution, including appeal of prisoner to military court of cassation and decision of this court. Former regulations allowed a fortnight for this procedure. The military courts are now obliged to hand down sentences without waiting to hear the testimony of witnesses who may be absent.

At Kieve, five sappers were executed, and another sapper sentenced to death. Three peasants have been executed at Moscow, another at Warsaw, and at Yekaterinoslay three workmen have been put to death under decisions handed down by these new courts.

At Riga a young man named Barland, who stole an overcoat, was captured and sentenced to death. Another young man named Danbe was sentenced to death at Riga for theft of \$5, and two girl accomplices, aged twelve and twenty years respectively, were sentenced to exile and hard labor for life.

SLAIN ON PORCH.

Deed Done by Young Woman With Whom Victim Lived Five Years.

Los Angeles, July 23.—George T. Bennet, proprietor of the Bennet Electrical company, was shot and killed by Estelle Corwell, a young woman, with whom he had lived for the past five years. Bennet was killed as he sat on the porch of the home of Margerite Bennet, who, although of the same name, is no relation. Bennet was shot twice, one bullet taking effect in his brain.

WIFE MURDERER HANGS.

"In the Cross I Know I Am Anchored," Says Doomed Man.

Pittsburg, July 23.—For the murder of his wife last August, whom he accused of infidelity, Dowling Green, a negro, was hanged here Tuesday. Green marched to the scaffold singing in cheerful tones, "In the Cross I Know I Am Anchored."

Mistook Wife For Burglar.

Chicago, July 23.—Mrs. Jennie Lauberbauer was shot and instantly killed by her husband, Joseph, early Tuesday, at home in West Twentieth street. Lauberbauer told the police he mistook his wife for a burglar. The police are inclined to believe his story.

Six-Story Structure Collapses.

Chicago, July 23.—The six-story building at 120-122 Franklin street, occupied by the Swigart Paper company, collapsed Tuesday, partly wrecking adjoining the building at 118 Franklin street. The cause is not known. No body was in the building at the time of the collapse. Damage is estimated at \$50,000.

About Seven Hundred, Which Was
Increased Last Night.

The Farmers' Congress opened auspiciously at College Station yesterday with a good representative attendance, and the program was carried out as published in the Eagle yesterday morning. The arrangements this year are excellent, and called forth from Prof. H. P. Atwater, the well known industrial agent of the G. H. & S. A. railroad, who has attended the congress regularly, the statement that the preparations this year excell those of any in the history of the congress.

The congress was formally opened at the night session last night with president J. H. Connell presiding. Dean Chas. Puryear of the College delivered the address of welcome, and R. R. Clarridge of Palestine made the response. Then followed the annual address of President Connell and the report of the acting secretary treasurer, Prof. B. C. Pittuck.

TOOK SECOND GAME FROM HEARNE.

Bryan Won Both Games from the Visitors, Taking the Last by a Score of 4 to 3.

The Bryan base ball team defeated the Hearne team in the second game played here yesterday afternoon by a score of 5 to 3. Batteries: Bryan, Parker and Menifee; Hearne, Owens and Roscoe. Neither side scored until the third inning when the visitors took the lead with three runs. Their ascendancy was short lived, however, as Bryan made three runs in the fourth and two in the fifth, not permitting the visitors to score again.

A double play was made by Wetter and Mawhinney in the second, and another by Wetter, Gordon and Mawhinney in the ninth. Owens of Hearne made a two-base hit and Mawhinney of Bryan repeated his three bigger performance of Monday. Six base hits were made on each side, and Parker and Owens each retired a half dozen men. Hearne was credited with six errors and Bryan with four. Bryan made the only earned run of the game.

SENATOR BAILEY HERE.

Is the Guest of Hon. W. C. Davis—Messrs. Davis and Dunn Will Accompany Him to Barbecue.

Senator Jos. W. Bailey arrived in Bryan this morning from Ft. Worth, and is the guest of Hon. W. C. Davis. Mr. Davis was advised of the Senator's coming by a telegram received yesterday, and met him at the station this morning. Mr. J. B. Dunn is here from from his home ten miles north of Bryan to accompany Mr. Bailey and Mr. Davis to the barbecue grounds this morning. Senator Bailey will speak at 2:30 o'clock this afternoon, and will be introduced by Representative Davis.

As has been previously announced, everything is in readiness for the barbecue and speaking and the indications point to an immense crowd.

Burn the mail order catalogues and be reciprocal in your business affairs. The home merchant should have the first chance at your trade at least. He is a man who is never overlooked when there is a collection to be taken up.—Bryan Eagle.

The above is in line with advice given by this paper a hundred or more times during the past few years and while the practice has not entirely ceased by any manner or means, there has been considerable let-up in sending away promiscuously for those articles that can be purchased at home. Patronizing mail order houses is but another species of "knocking" your home town. Of course this has no reference to those few articles not generally found in towns the size of Navasota.—Navasota Examiner.

RESOLUTIONS OF RESPECT.

Whereas, It has pleased the Supreme Architect of the Universe to call our brother from labor in the lodge below to refreshments in the lodge above,

Be it resolved That in the death of Brother M. B. Laski the lodge has lost a true and exemplary member; his family a husband, father and councillor; the community a friend and an upright, law-abiding citizen; society its purest, brightest ornament; and while we deplore his loss we bow in humble submission to the will of the Master. As Masons we will treasure his example of fidelity and devotion to our beloved order, and commend them to the craft at large, and,

Be it further resolved That these resolutions be spread upon the minutes of the lodge, and a copy thereof be furnished the family of our deceased brother and to the Texas Free Mason and the county papers for publication.

Thos. H. Royder,
J. J. LeFebure,
C. W. Thomas,

THANKS TO ALMIGHTY.

Affecting Religious Service Conducted at San Francisco.

San Francisco, July 23.—The exact number of people drowned by the Columbia disaster will not be known until complete accounts are brought in from Bryceland and Shelter Cove. It is known that 188 passengers was reported by the company as sailing on the Columbia. Ninety-seven were saved by the George W. Elder, which towed the San Pedro to Eureka. There were sixty in the crew of the Columbia and of these thirty-eight were on the Elder. Reports from Shelter Cove, announce the arrival of one boat with fifteen more passengers and crew, leaving the total death toll at ninety-eight.

Up to noon Thursday one boat had arrived at Shelter Cove, although four were reported there. It is said that before the steamer sank six of her boats had been launched, together with three life rafts. These are yet to be heard from, and it is expected that steamers passing up and down the coast succeeded in picking them up.

That so many escaped is accredited, strange to say, to the fact that the explosion of the boilers, when the steamer was sinking, counteracted the tremendous suction and save a lot of people who were in the water from being drawn in the vortex and going down with the wreckage. A back wave from the sinking steamer threw many swimming for their lives back from the point of danger and gave them a chance to escape.

Not a few passengers on board the Columbia were teachers and friends who had been attending the Educational convention at Los Angeles. Many of those were rescued, and were among the arrivals on board the George W. Elder.

On Sunday evening there was an affecting scene on board the Elder when the rescued passengers gathered in Social hall and divine services were held by Rev. Dr. Frank Talmage of Los Angeles, son of the late Rev. De Witt Talmage. Kneeling on the floor the passengers joined in offering thanks to the Almighty for their deliverance. It was a touching spectacle while women and men with bruised faces and limbs in strange clothes supplied by passengers and crew of the Elder sang "Nearer, My God, to Thee," and "Rock of Ages."

REVOCATION OF POWER.

Insurance Commissioner Will Do No Filing.

Austin, July 23.—The attorney general's department has rendered an opinion to Insurance Commissioner Milner directing him not to file in his department any revocations of power of attorney heretofore granted by retiring life insurance companies. Some of the big companies that have withdrawn from the state on account of the Robertson insurance law have canceled the power of attorney granted to many agents and will place it with a single agent at Dallas. The insurance department has refused to act in the premises until the question had been submitted to the attorney general. Some of the large withdrawing insurance companies desired to lodge their power of attorney with one agent, but under this opinion the insurance department will pay no attention to applications to revoke powers of attorney.

TO MAKE HER DEBUT.

Daughter of Natchez, Only Living Hereditary Chief of Apaches.

Lawton, Okla., July 23.—Announcement is made of the approaching debut into womanhood of Jane, the seventeen-year-old daughter of Natchez, only living hereditary chief of the Apache Indian tribe, now prisoners of war at the Fort Sill military reservation. Arrangements are being perfected for a big celebration and dance on the reservation Saturday night, for which Natchez is said to be spending \$1,000. Jane is a beautiful girl, and following a dance of two days and nights will be marriageable to a warrior acceptable to her parents. Eva Geronimo last year made her debut with splendor.

NO INDICTMENT.

Miss Robinson Arrested on Information Filed by Grand Juror.

Fort Worth, July 23.—It now develops that Miss Gussie Robinson was not arrested on an indictment charging her with murder of Arthur Hodges, but on information filed by T. S. Peters, a member of the grand jury. She has been closely questioned by county attorney and other officers and was before the grand jury. If she is to have an examining trial no date has been set for it.

Shoots Former Wife and Suicides.

Birmingham, July 23.—William Fox, a young man from Bessemer, entered a house of ill repute and drawing a pistol shot and fatally wounded an inmate named Mattie Larbis. Then turning the weapon upon himself he blew out his own brains. It is said the woman had been Fox's wife up to a year ago, when she left him.

No Jurisdiction Over Morals.

Austin, July 23.—The railroad commission decided that it had no jurisdiction over the moral conduct of Texas railroads. This decision was reached in declining the appeal of certain Texas ministers who wished the commission to stop excursions by railroads on Sundays.

Respite Granted.

Jefferson City, Mo., July 23.—Governor Folk granted a respite of thirty days to Lord Frederick Seymour Barrington, under sentence to be hanged at Clayton, on July 25 for the murder of James P. McCann.

This For Catarrh.

See tests are now being supplied by mail to all Catarrh sufferers. There is no expense—no obligation whatever. Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, Oil of Wintergreen, etc., and is incorporating these ingredients into a pure, snow-white cream-like Imported Petroleum. This Creation—Dr. Shoop's Catarrah Remedy—gives immediate and lasting relief to catarrh of the nose and throat. That all may first test it free, these trial boxes are being mailed without charge, simply to encourage these tests and thus fully demonstrate, beyond doubt, the value of this combination.

If Catarrh has extended down to the stomach or bowels, then Dr. Shoop's Restorative must also be used internally if a complete cure is to be expected. Otherwise the Dr. Shoop's Catarrah Remedy will alone be entirely sufficient. Write Dr. Shoop, Racine, Wis. for sample and book. Sold by Druggists everywhere.

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and gangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, is a remedy that cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

ASKED TO WITHDRAW.
Patrick Calhoun Promised to Keep Away From Peace Conference.
San Francisco, July 23.—The Industrial Peace conference, which held its first session in Christian Science hall, sent a letter to Patrick Calhoun, president of the United Railroads, asking him to withdraw his delegates from the conference. The letter stated that while not wishing to pass judgment upon anyone indicted or accused in court it is feared the presence of the delegates of the United Railroads would disrupt the harmony of the conference and the convention could not recognize anyone who stands accused of crime. Calhoun sent a lengthy reply in which he denounced the request for withdrawal as a cowardly act and made for political purposes. He said, however, he could not appear at the conference.

MISHAPS OCCUR.

Several Casualties, One of Them Very Grave.

Camp Mabry, Tex., July 23.—Two serious accidents occurred. Private Frank DeWitt of Troop B, First Texas, from Amarillo, while riding an uncontrollable horse in an attempt to break the animal was dashed under a tree and struck a severe blow by a hanging limb, which caused him to be thrown to the ground, fracturing the spinal column in the upper third section. Dr. Hamilton of the troop did everything possible for the boy and he was hurried to the train and taken to Seton infirmary, where an operation was performed.

While watering the horses Corporal Lyons of the First United States Cavalry was dangerously injured by his horse falling on him. Lyons' head and back received severe wounds, but nothing serious is expected, although the accident would have been fatal to a man with less physique.

Miss Robinson, with a severe wound in the arm, went to a telephone and reported the murder to the police department.

Miss Robinson was taken to jail in a buggy. After the tragedy she had an attack of fever and a nervous break down.

CONDEMNED TO DEATH.

Karl Hau Adjudged Guilty of Murdering Mother-In-Law.

Karlshue, July 23.—Karl Hau, a brilliant young law professor of Washington, D. C., was condemned to death after a five days' trial for the murder of his wife's mother, Frau Molitor, a wealthy resident of Baden Baden, in that city Nov. 6 last.

The prisoner heard the verdict of the jury with perfect composure and chatted smilingly with his counsel after the judges withdrew to fix his sentence. Upon the return of the judges, Hau arose and, standing erect with folded arms, listened to the sentence without moving a muscle. A moment later he was hurried away to the prison by half a dozen policemen. The sentence is unpopular with the street crowds, which have been demonstrating more and more openly for several days in Hau's favor and against the Molitor family.

After the adjournment of court the women of the Molitor party were compelled to remain in one of the offices of the court house because it was dangerous to appear in the streets. A carriage waited for them in the court yard and it was several hours before they were able to leave, meanwhile enormous crowds had assembled in the streets adjacent to the court house. Gordons of police kept the crowds in check for an hour or more, but then lost control of them, the masses pushing and crushing forward to the doors storming the entrance. There were many shouts from the crowd of "Hau is not guilty!" the voices penetrating to the court room. Finally two companies of infantry and a squadron of mounted police appeared on the scene and drove the rioters before them. The infantry with fixed bayonets cleared all the streets within 300 yards of the court house.

A large number of arrests were made. One old woman was trampled down by the horses and it is reported that several persons were wounded.

Hopkinsville, Ky., July 23.—Night riders, numbering nearly 100, surrounded the residence of Stephen H. Mosely, a prominent Trigg county farmer, near Bearing Springs early Tuesday and riddled the house with pistol and gun volleys. Mr. Mosely was shot in the face and an ear with duck shot and a finger on his right hand wounded. Mrs. Mosely's right eye was pierced by fragments of wire screen shot out of the door to her bedroom. Three children in the house had narrow escapes from flying bullets. After firing 100 shots the marauders warned Mosely to quit talking. Mr. Mosely has been a strong anti-association man. Last spring his plant beds were scraped and telephone wires cut.

S. H. FRANKLIN

THERE is no fairer country or more delightful climate on earth than that of Colorado during the heated term.
Hundreds of places of interest to the sight-seer engage his attention and interest him, while at the same time he is fanned by cooling breezes, rich in life-giving ozone, fresh from the realms of perpetual snow.
The entire State is a mass of picturesque scenery, affording an endless delight to those who are interested in the sublime vagaries of Nature, for in Colorado Nature seems to have exhausted herself in the production of the sublime and beautiful.
The lofty peaks of the famed Rockies, forming the "Continental Divide," tower skyward and stretch away, snow-capped, in the wondrous vista.
ON every side there is something to interest and inspire the beholder; the richest gold-producing mines on earth are there, and a visit to them will never be forgotten.
In addition to such renowned resorts as Colorado Springs, Boulder, Glenwood Springs, Denver, etc., Colorado has innumerable other points of equal interest and attraction, each affording distinctive features of its own, and each, alone, being worth far more than the cost of transportation to the state to see.
Visit Colorado now, "the land of gold," "the land of health" and the land of glorious scenery.
Hotels are legion, and the vacationist can always find accommodation at a price to suit his pocket book.
